

# MOD

*In-wall, wall hung  
odourless toilet suite*

*Milu*  
odourless  
by expella™

Mod from the Milu Odourless range is a sleek, modern and compact in-wall toilet with clean lines.

The toilet features a patented in-built ventilation system that quietly extracts odours from the toilet bowl and discharges them directly into the sewer before they can be released into the bathroom.

The Milu Odourless range is manufactured in high quality vitreous china and incorporates rimless flush technology, making the toilets easy to clean and maintain.

odourless toilet suite

## DIMENSIONS AND SET-OUT (all measurement specified in millimetres)

Note: Toilet pan dimensions may vary slightly due to tolerances in the manufacturing process. Please check exact dimensions on actual pan.

## HOW IT WORKS

- 1 Expella's patented Odour Control Device (OCD) is hidden inside the cistern, it is activated by either a:
  - Light switch\*
  - Manual switch\*
  - Automatic sensor switch.\*
- 2 The OCD contains an in-built extraction fan that draws odours from the bowl through the flush pipe.
- 3 Odours pass through the OCD, opening a non return valve that prevents odours returning.
- 4 Odours are discharged to the sewer.

\* Switching not included
