

Quiet Flow Multi Exhaust Kit

expella™

High performance multi-point inline ventilation kit

1406340

The Quiet Flow Multi Exhaust Kit by Expella contains all of the components needed for a high performance multi-point inline ventilation system including a powerful and acoustically lined inline fan. Combine this kit with your preferred internal ceiling grilles from Expella's designer range.

Manufacturer:

expella™

Warranty:

2 years

Benefits:

- An all-in-one ventilation kit that is suitable for multi-point ventilation systems
- Pair this kit with any of the products in Expella's internal ceiling grille range (internal grilles are not included)*
- Kit contains a high performance, silent inline fan capable of exhausting 840m³/hr (free air)
- Fan comes with an external high and low speed switch on the fan
- Fan is fitted with a 3 pin plug making the kit DIY friendly

* Due to the high air flow rate, multiple internal grilles are required to reduce system pressure and noise.

Kit Contents:

- 1x EMF200 silent inline exhaust fan with built in back draft damper
- 1x 6 metre length R0.6 insulated flexible duct
- 1x 8/6/6 branch take off
- 3m x 200mm dia. 3 Zero flexible duct
- 1x 300mm x 300mm weatherproof external aluminium louvre with plenum box and 200mm spigot
- 8m aluminium silver tape
- 8x cable ties

Compliance:

Complies with the following requirements in the National Construction Code (2022) and Australian Standards

- F6 (light and ventilation)
- F8 (condensation management)
- J5 (building sealing)
- J6 (air conditioning and ventilation)
- AS1668.2
- AS4254.1 (flexible duct)

Quiet Flow Multi Exhaust Kit

High performance multi-point inline ventilation kit

Applications and Installation:

- Suitable for domestic multi-room applications including:
 - Bathroom exhaust
 - Laundry exhaust
 - General kitchen ventilation systems
- Can be installed by a home handyman or industry professional (electrician or air conditioning installer)

Intake grilles not included in kit and shown for schematic purposes only. Expella's ventilation kits allow for choice of intake grille (sold separately).
